07:30-08:30					Neurodegenerative Disease Cluster Group	Membrane Proteome Cluster Group							
08:30-09:15	[PL 03] Plenary Session <i>Ruedi Aebersold</i>												
09:30-10:30	Networking Break and Poster Viewing												
10:30-12:15	[M01] Cancer & Translational Proteomics	[M02] Innovative MS Techniques for Global & Targeted Proteomics	[M03] Chemical Probes & Chemical Biology for Proteomics	[M04] Metabolomics & Metabolic Disorders	[M05] Brain & EyeOME: Connecting two images								
12:30-13:30			Industry Seminar supported by SCIEX: Applications of Industrialized Quantitative Proteomics to Advance Precision Medicine				Industry Seminar supported by Thermo Fisher: High-Throughput Multiplexed Quantitative Proteomics for Personalized Medicine	Industry Seminar supported by Waters: Novel Data Independent Acquisition and Processing Strategies for Quantitative	Industry Seminar supported by Thermo Fisher: Sweet Revolution: Analytical Tools for the Characterization of Glycans and Glycoproteins	Industry Seminar supported by Agilent: Advances in Proteomics from Agilent Technologies	Industry Seminar supported by Bruker: Uncompromised Performance: Exploiting the Potential of UHR-Q-TOF for Discovery Proteomics		Bioinformatics Hub
13:45-15:30	[M06] Immunity, Inflammation & Infectious Diseases	[M07] Bioinformatics & Computational Proteomics	[M08] PTM Crosstalks I - Phosphoproteomics, Kinome & OGlcNAc	[M09] New Technological Advancements	[M010] Diabetes and Cardiovascular Diseases: Energy Balance in Disease Phenotypes								
15:30-16:30	Networking Break and Poster Viewing												
16:45-17:30	[PL 04] Plenary Session <i>Henry Rodriguez</i>												
17:30-18:15	[PL 05] Plenary Session <i>Fuchu He</i>												
18:15-19:15		HUPO General Assembly
